The Clermont
Charing Cross Hotel,
London

**IN TWO DAYS, BRIEF THE MOST
POWERFUL SECURITY ANALYSTS
IN THE WORLD & PARTICIPATE
IN A ROUNDTABLE DEBATE
WITH A DOZEN TOP CISOS**

Event Schedule

**SUN
18
APR**

Informal Networking Dinner & Drinks

6:00pm - 10:00pm

A chance for you to meet the analysts and other participating vendors before the event commences the next day.

**MON
19
APR**

Analyst Briefing Day

9:00am - 5:00pm

Brief all 10 analysts in dedicated 40-minute sessions, showcasing your business strategy, key technologies and services, and unique market proposition.

6:30pm - 10:00pm

In the evening, you'll attend an exclusive networking dinner with the analysts, providing a further opportunity to build relationships and exchange insights in a more informal setting.

**TUE
20
APR**

CISO Roundtable & Lunch

9:00am - 12:00pm

Join a roundtable with 13–15 CISOs from global brands, alongside analysts and fellow vendors, to ask questions and exchange insights under Chatham House rules.

12:30pm - 2:30pm

Attend a networking lunch with the CISOs and analysts.

Why attend?

- > **Build lasting analyst relationships** with the key analysts who assess your company and influence its future, in both formal briefings and informal networking settings.
- > **Save time and money** by giving your CTO or CEO the opportunity to brief a year's worth of analysts in just one day.
- > **Gain valuable market intelligence** by understanding current analyst thinking, assessments and perspectives on your position in the market.
- > **Get honest, first-hand insights from CISOs** by putting your burning questions to them during an exclusive roundtable discussion.
- > **Meet, network, debate and influence** 13-15 of Britain's leading CISOs, gaining direct access to senior security decision-makers.
- > **Benchmark your competitive positioning** by discussing how analysts perceive your offering and where you stand against competitors.
- > **Strengthen your market visibility** by building relationships with analysts who may feature your company in their research and recommend your solutions to clients.
- > **Make valuable connections beyond the boardroom** through dedicated networking opportunities, including an evening dinner with analysts and a networking lunch with analysts and CISOs.

“ Analyst Testimonials

"I would recommend any vendor, analyst and CISO to join this wonderful event. It is enriching but also gives us the opportunity to grab our responsibility to actually make the space better together.

-Madeleine van der Hout, Senior Analyst on the Security and Risk (S&R) Team, Forrester

"The IT Security Analyst & CISO Forum is in the top 4 events globally that is a priority for me to attend. It's vital that I am careful with my travel time and this forum has always been an excellent use of my time."

-Jarad Carleton, Global Research Director, Cybersecurity, Frost & Sullivan

"The IT Security Analyst & CISO Forum is a fantastic conference. An intimate setting with a honest, in person conversations with quality vendors. This is a must attend event for me!"

-Rik Turner, Chief Analyst of Cybersecurity, Omdia

"This is one of my must-attend events of the year, and one of the first invites I look out for. It is a fantastically effective use of my time as both an analyst and CTO, giving me access to vendors from a wide range of disciplines, as well as insight and education from other C-Suite executives, in a forum that is unique."

-Paul Stringfellow, CTO/Analyst, GigaOm

“Vendor Testimonials”

"It's rare to get a room like that, where CISOs are speaking openly about their opinions! The conversation felt grounded in what's actually happening inside organisations right now, and not fluffy predictions."

-Ria Manzanero, Head of Marketing, CultureAI

"The event is a great way to find out the industry struggles and how the analysts are perceiving your product and where the next opportunity may arise."

-Sandu Dragos, Product Manager, Pentest Tools

"It was a wonderful event which we've attended previously and will certainly attend again as it ticks so many boxes, including meeting top security analysts over the course of two days and we get incredible insight and connections with the CISOs during the CISO roundtable."

-Perry Carpenter, Chief Evangelist at KnowBe4

"Congratulations on a successful event! Thanks so much for hosting the events and for including Qualys. You had a great group of analysts and CISOs and our CISO greatly benefited from the engagement. And of course your team did a fabulous job with notes and follow-ups."

-Tami Casey, Director of Global Corporate Communications at Qualys

“ CISO Testimonials

" These events bring the vendors, analysts and the security community to collaborate but most importantly listen. A great mix with fantastic conversation."

-Ed Tucker, Former CISO of Telefonicatech

" A wonderful event bringing together CISOs, analysts, and vendors together to discuss the topics that really matter with no sales. A very valuable use of my time."

-Mark Nicholls, CISO, Ramsay Health Care

"A fantastic opportunity to understand what's on everyone's minds"

-Vicki Gavin, CISO, NHS

"Extremely useful and insightful event, listening to peers and industry analysts. These type of sessions are rare and really promote an open and honest dialogue."

-Naveed Islam, CISO, Dojo

"Great day with really insightful conversations throughout the day. No topic is off the table."

-Quentyn Taylor, CISO, Canon EMEA

Event Outcomes

- Brief 10 analysts including Forrester, IDC, 451 Research, part of S&P Global, Omdia, KuppingerCole, Enterprise Management Associates (EMA), Everest Group, GigaOm, Frost & Sullivan and Omnisperience.
- Attended a roundtable event and met and had lunch with 13-15 CISOs from Deloitte, Channel 4, Barclays Bank, Trafigura, Canon Europe, EML Payments, Admiral Insurance, NHS England, Dojo, Cognizant, NHS England.
- Built and maintained relationships with the analysts and have continued to schedule ongoing briefings with them throughout the year.
- Featured in various analyst reports including Forrester API Security Landscape Report and Omdia's Market Landscape: API Security report
